

Cole-Parmer®

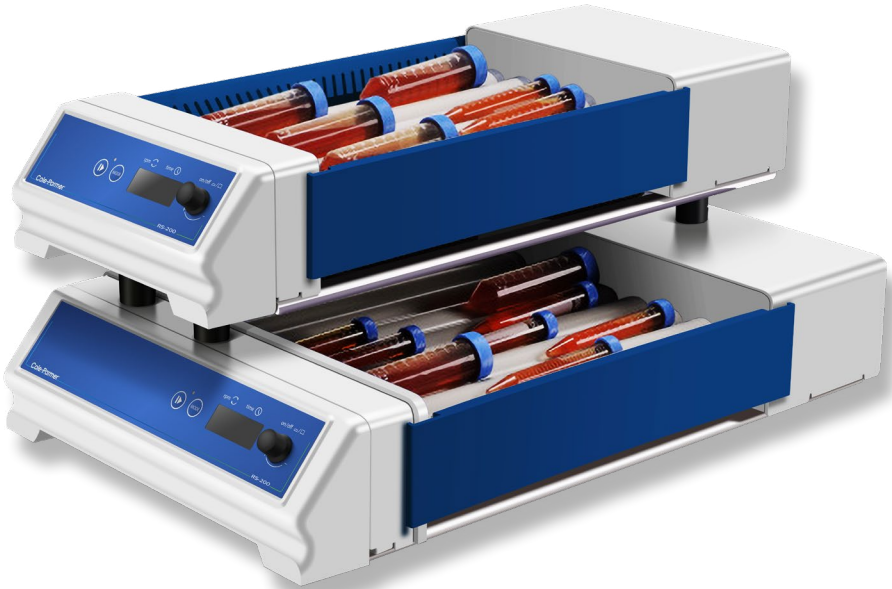

Cole-Parmer® Tube Rollers Stack System

- For use with Tube Rollers System
- Allows up to 3 tube rollers to be stacked to save space and increase capacity
- Works by magnets - no need for any tools
- Fitted in minutes
- Easy to dismantle

Cole-Parmer® Tube Rollers Stack System

Cole-Parmer® Tube Roller Stacking System consists of four magnetic stacking blocks that are designed to allow rollers to be stacked on top of one another, thus saving valuable bench space. Up to three rollers can be stacked in virtually any combination. Fitted in seconds, without any need for tools, the stacking blocks are easy to move into the optimum position where they hold the rollers securely in place by powerful magnets. They are equally as easy to dismantle if required for storage or cleaning purposes.
